ILLINOIS SCHOOL NUTRITION ASSOCIATION

ILSNA is a state affiliate of the national School Nutrition Association (SNA). It is our mission to provide information, services and continuing education opportunities to school nutrition and food service professionals throughout the state of Illinois.

Among the educational opportunities, ILSNA sponsors an Annual Conference where attendees receive educational opportunities through speakers, workshops and exhibits that showcase the latest innovative food service and nutrition trends while addressing the most current issues in school food service.

ILSNA seeks corporations that

support school foodservice professionals and child nutrition programs through our Industry Memberships.

Corporate Sustaining Members who would like to increase their support and participation are eligible to become Corporate Partnership Program Participants (CPP) . CPP's are a select group of industry members that receive special consideration and discounts on various ILSNA programs and activities.

As is evident from the following list, a CPP Membership is an extreme value at only \$ 1,500. This is an ideal way for your organization to increase its participation with and accessibility to school foodservice and child nutrition professionals.

As a CPP member your organization will be recognized and receive the following benefits . . .
